HIGH PERFORMANCE LIGHTING

HIGH PERFORMANCE LIGHTING

The ATOM EM series combines premium design and LED performance in a package small enough to fit anywhere. Perfect for pools with step and beach entries that require illumination but with the performance to light even the largest of pools.

Featuring Spa Electrics' patented DuoSink® for superior LED performance and longevity ensuring the ATOM EM will keep performing year after year.

Available in a choice of Single and Multi-Colour formats, the ATOM EM will make your pool look truly spectacular!

MULTIPLUS

The All New MULTI PLUS from Spa Electrics represents a new generation in Multi Colour pool lighting.

With five different operating modes, the MULTI PLUS can operate via a standard wall switch or by using the iRIS lighting controller. The MULTI PLUS can also integrate seamlessly with most pool automation systems.

Along with this comes exciting new LED advancements with the introduction of an RGB+White LED array; providing beautifully clean white illumination and stunning colour shows never before seen in pool lighting.

The all new MULTI PLUS from Spa Electrics is available across our entire new pool and Retro-fit lighting range.
